

## ***SJS'S COOKING BASH***

Today was an auspicious day for the students of St Joseph's school as they honed their culinary skills .Today was the

“Cooking without fire” competition which was a great success .The students presented dishes that blew the minds of the judges, each dish was special with high nutrient value, low energy consumption and catchy names. The excitement level hit the roof during the tasting time and everyone was relieved at the end of it. It was also a learning experience for those who had never entered the footsteps of the kitchen in their life. All the dishes were beautifully garnished with special toppings and such. It was surely a ravishing and fun filled experience that no one will ever forget.
