

Student fund fair

By- Bernadine Cardoza

The annual student fund fair was held on Friday, 12th May, organized by our school parliament. All grades from 1st -12th including teachers took part in making this day a great success. Special thanks were given to our principle Sr. Carmen and all our beloved sisters in helping us make this day even more enjoyable. This fair comprised of a toy stall, a food stall, a clothes stall, a book stall, a drinks stall and a Verte stall. The food and drink stall comprised of food, water, juice, tea and rose milk donated by our kind-hearted students and teachers. The Verte stall ran by our environment club sold ice cream and plants.

Overall this day was filled with enjoyment and excitement. This fair raised about 34,196.50 Dhs. We thank all those who contributed to this and hope that we made that day more fun. The money raised will not only help in the development of our school but also help us donate to some charities, we are glad our school hard work paid off and we hope to do this again next year
