

VERTE SUMMER ACTIVITIES FOR 10TH GRADE 2020-21

Pla-stic to Fanta-stic!

Topic: REDESIGNING PLASTICS

The participation of this activity is not obligatory for all students but is mandatory for the verte club members.

Objective: To design something that is made out of plastics and to use that object in whichever way possible.

Eg: Plastic spoons can be made and turned into a beautiful lamp.

Procedure: The participant must upload a 2 minute video clip of how the object has been made and upload it in the drive.

NOTE: The video of the participant must be in the mode “Timelapse” to avoid lack of time.

WE ENCOURAGE ALL STUDENTS TO PARTICIPATE

Deadline:20th July, 2020 {Can be uploaded before}
