

Get Your Utensils, Let's Start Cooking!

Feeling bored at home? The SJS Verte Club has got an activity for you.

The interested chefs of grade 4 are requested to make some delicious food but without fire.

Rules

1. This activity is not mandatory but we would surely appreciate if we could see more student participation. (All verte members from grade 2 to 12 should strictly participate)

2. Create a short (approximately 1 min) time lapse video of you cooking your delicacy. You must also speak a few sentences about what you have cooked. You can also mention the ingredients you have used.

NOTE: Your video should not exceed 3 minutes.

3. Do not use fire for making your dish.

4. No fruit or veggie salads. Make something creative and out of the box.

5. The video should be taken in landscape view.

5. Last date to submit your videos will be 20th July.

Hoping to see tons of delicious dishes by our grade 4 Josephites.
