

# 'Primp Your Flowers' Grade 5

Kindly submit all of your videos on or before the 20th of July, 2020. All the students of grade 5 are encouraged to participate. **However, participation is mandatory for all the Verte Club Members.**

---

Recycling turns things into other things. Which is like MAGIC!

Gear up to do some amazing recycling work, this Summer!!!

Show your plants some love by making an elegant, **Eco-Friendly** DIY flower basket.

These Baskets are great to add a pop of decor to any simple space.

---

## RULES

The basket must be made from **recycled materials** like newspapers and can be of any size.

The basket can be decorated according to the student's wish.

Students participating must shoot a **landscape** video, which should include a timelapse of them making the basket.

The time limit of the video is **2 minutes**.

Students can speak 2-3 lines about their basket in the video.

---

## SUGGESTED MATERIALS THAT CAN BE USED:

Popsicle sticks.

Tin cans

Clothespins

Toilet Paper rolls

Newspapers or Magazines

**(Other materials can also be used)**
