St. Joseph's School

On May 18th, 19th and 20th 2023; I had the honor of participating in the NIMS MUN Dubai

It is an academic stimulation which engages the participants in debating, diplomacy and friendly rivals.

The competition tests our leadership abilities, speaking skills along with cooperation and teamwork.

I was awarded the honorable mention, which further endorsed my debate skills and fueled my love for public speaking.

MUN has sparked my passion for the law and diplomacy. I look forward for participating in many such opportunities in the future.
