

**5th September 2024**

# **TEACHER'S DAY 2024**

**ST. JOSEPH'S SCHOOL,  
ABU DHABI**

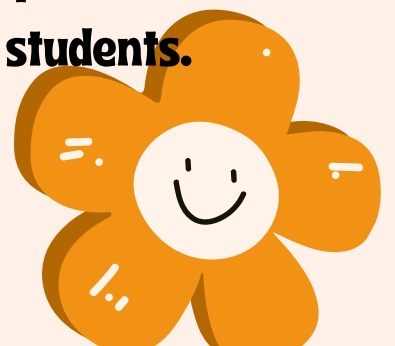

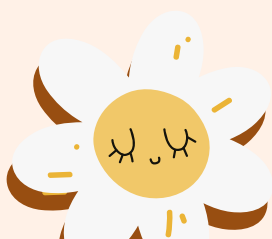

**"A teacher is a mentor, a guide, a friend, a second mother, and an instructor, all in one."**

**On 5th September 2024, St Joseph's School saw the celebration of these incredible teachers and non teaching staff. The day started with the wonderful assembly by grade 9 students where they included some anecdotes and remarks from beloved teachers. Our dear principal, Sr. Suranjana, then wished all teachers on the occasion.**

**The first event was a Holy Mass held at St. Therese Church for the teachers and students. Students led the service to pay homage, respect and gratitude to their anchors, the teachers.**

**Then, it was time for our main event- The SJS TEACHERS PALOOZA by the students of grade 12. The first part of this program was a prayer and song performance by students. This was followed by some energy packed dance performances, which blended nostalgia and uniqueness, transporting teachers to their childhood. The performances were followed by the games segment, where teachers participated in fun individual and group games like "Group charades", "Who am I?", "Who can drape a Sari the fastest?" and more. The teachers were then felicitated with heartfelt gifts from the students, displaying their gratitude and love to them. Overall, the day was a jam-packed celebration of the people who make St. Joseph's School a second home to all its students.**
